VENDOR TERMS OVERRIDE NOTICE

1. PRICING: This confirmation supersedes any pricing referenced in client PO-98231-GDH. The quoted price of \$425/unit in Quotation QT-2026-0392 was a preliminary estimate. Final confirmed pricing is \$525/unit per TechCorp

enterprise rate card effective July 1, 2026.

2. PAYMENT: TechCorp standard Net 30 payment terms apply. Client's stated Net 60 preference was not agreed to by TechCorp's Finance department. Invoice INV-2026-0847 is due July 31, 2026.
3. WARRANTY: TechCorp standard warranty is 12 months. Any extension beyond 12 months requires a separate Extended Warranty Agreement at additional cost (\$8,500/year). No verbal or written representations by sales staff can extend the standard warranty without a signed addendum.
4. CONSULTING: The applicable rate is \$200/hour for Senior Engineer engagements. The \$175/hour rate referenced in client communications applied to Junior Engineer tier only, which was not selected for this engagement. Total consulting exposure: \$8,000.
5. JURISDICTION: All disputes governed by California law and litigated in San Francisco, CA — not Texas as stated in client PO. Client acceptance of services constitutes agreement to these terms.
